Click on the blue **NEXT** button and it will load next 10 results. (NB: each screen is limited to 10 rows of information. There will be numerous results on any given business day)

Want to find something specific? That's easy! Simply use the following:

O LocalCode O IssuerName O ISIN O SecID O Date Se	your search text CLEAR Sedol	Ignore Multiple Listing REFRESH
---	---------------------------------	---------------------------------------

Select one radio button, enter the appropriate information, click on the SUBMIT button:

LocalCode - Enter a valid LocalCode in the search box	
Issuer Name - Enter any possible issuername in the search box	
Isin - Enter a valid Isin in the search box	
SecID - Enter a valid Security ID in the search box	
Date - Enter a market date in the format yyyymmdd	

Examples: Local Code: AAPL Issuer Name: Apple ISIN: US0378331005 SecID: 33449 (This is EDI's internal security ID) Date: 20240723

Once you receive the list of instruments, select the relevant company and instrument from the list. It will then return the corporate actions events for that instrument. Then select the corporate action event you are interested by selecting the 'MORE' button.

Running through one example:

Select Nvidia as shown, and then click the 'SUBMIT' button:

This is the list the query returned:

Event	Event ID	Action Flag	Changed	Created	Issuer Name	lsin
