

Doing data differently

Helping the global financial community make informed decisions through the provision of comprehensive, accurate, timely and affordable securities and economic data services

With more than 30 years' experience, we offer comprehensive and accurate securities reference, corporate actions and pricing data for derivatives, equities, fixed income, and investment funds around the globe. We also cover economic data extensively.

We understand how crucial financial and economic data is and take a different approach as to how we proceed:

- We do not rent data, we sell it
- We do not have onerous redistribution rules
- We customize our services to meet your needs
- We cover all countries - no matter how large or small
- Finally, we offer competitive prices

As a result of our on-going commitment to providing cost-effective and innovative data solutions, while ensuring the highest standards, EDI has achieved the internationally recognized quality and security certifications ISO 9001 and ISO 27001.

Headquartered in the United Kingdom, we have operations in Australia, Canada, Germany, India, Morocco, South Africa, and the United States.

Our Support Team is available on +44 (0) 207 324 0020, 24 hours a day, Monday to Friday, and closed on Christmas and New Year's Day.

Global Economic Indicators (GEI)

Exchange Data International (EDI) Global Economic Indicators (GEI) provide a comprehensive and reliable source of macroeconomic data, tailored to meet the needs of financial institutions, researchers, and service providers on both the buy and sell sides. Global Economic indicators are now available on API.

With coverage spanning over 280 countries and regions, EDI delivers high-quality datasets sourced exclusively from trusted official institutions such as central banks, statistical offices, finance ministries, stock exchanges, industry associations, and international organizations, like the IMF and World Bank collections.

To complement the macro-economic indicators, also see Interest Rates and Commodity Prices in our product overview.

Key Features

- **Extensive Coverage:** Over 230 indicators across 17,025 series and units, covering nearly every country and region worldwide.
- **Historical Depth:** Includes historical data for select indicators dating back to 1960, enabling long-term trend analysis
- **Complementary Datasets:** Includes Interest Rates and Commodity Prices for enhanced macroeconomic analysis.
- **Daily Updates:** Data is refreshed daily, five times a day (Monday-Friday) to ensure timely availability.

Interest Rates

To complement our economic datasets, EDI recently added the Interest Rate (iRate) dataset which is a must have for the financial sector. Interest rates influence borrowing costs and spending decisions of households and businesses. Rising or declining interest rates can adjust a company's strategy and outlook by changing the types of loans and amounts of money a company may potentially borrow, while also affecting things such as the valuation of securities currently held by the company, any future investment ventures and future cash flow forecasts.

Customization

EDI is proud to offer the most effective and efficient solutions tailored to meet each individual customer's needs. We offer a range of customization options including:

- Delivery-based solutions to complement existing client infrastructure.
- Content delivered at the geographical or portfolio holding level.
- Feeds delivered in various formats, field content and integrated client level data items.

EDI uses its extensive data research expertise to source, scrub and integrate new client specified data items with existing products and services. For instance, a request from a multinational investment bank to source the DR universe and map it against its underlying share portfolio ultimately led to the development of EDI's successful Depositary Receipt Database.

In addition, EDI was the first vendor to successfully launch an ISO 15022 Corporate Action Messaging feed. This enables customers to reduce costs and increase efficiency by removing the need for multiple feed handlers.

Email: support@exchange-data.com

Customer support is closed on Christmas and New Year's Day.

We aim to acknowledge all queries within an hour of receipt and answer queries within 24 hours where possible.

We will send a progress report if a query is not resolved within that timeframe. We resolve around 95% of customer queries within 24 hours.

All queries sent to our Support department are filtered and dispatched to the relevant department. An IT staff member is engaged in the communication process to resolve complicated technical issues.
